WypAll® L30 Ultra™ wipes Large roll, Type: W

Order data

Order number	089282 W
GTIN	5033848032532
Item class	08T

Description

Version:
The WypAll® L30 wiping paper range is characterised by tear resistance and absorbency **for demanding cleaning jobs**. WypAll® L30 wiping paper for cleaning and maintenance from the Jumbo roll is ideal for heavy-duty use, wiping up industrial liquids, and cleaning parts and components. The blue roll is also easy to recognise in contamination critical environments. These WypAll® wipes come with a value that you would expect of a single-use wipe, but they still have **extraordinary tear resistance and absorbency,** which reduces material consumption and costs. WypAll® L30 wiping paper can be used with cleaning agents or disinfectants. According to the appropriate tests, these industrial cleaning wipes are suitable for **use in spray and wiping systems** in conjunction with peroxyacetic acid, hydrogen peroxide and quaternary ammonium cations (quats).

Technical description

Manufacturer's designation	L30 Ultra
Sleeve ∅	6 cm
Weight	8 kg

moist	no
Suitability for cleaning	yes
Perforations	1000
Layers	3
Width	350 mm
