- + Outsole with a profile of 3,0 mm
 - + Flexion zone with pivot point
 - + Broad contact surface
 - + Best possible scuff resistance and anti-slip properties
 - + Heat-resistant up to approx. 120 °C

CUSHIONING

SECURA VARIO® System

The replaceable, weight and pressure dependent heel shock absorption system ensures cushioning adapted to the individual needs of the wearer. The pressure load in the shoe is reduced to a natural extent and provides targeted relief to the back. At the same time, it helps to significantly reduce fatigue and increases the ability to compensate pressure loads by the leg and trunk musculature.

-  above 105 kg
-  up to 105 kg
-  up to 91 kg
-  up to 79 kg
-  up to 57 kg

The AGR quality cachet (Aktion Gesunder Rücken = Campaign for Healthier Backs): Certified and recommended by Association Forum Healthy Back – Better Living and Federal Association of German Back Schools.
