

LACING STEITZ FLEXO

ITEM NO.: Z86100

FEATURES

Color:

black

With the flexible, individually adjustable rubber lacing STEITZ FLEXO, potential stumbling hazards due to open laces are avoided, and the safety shoe always has a constant lacing intensity. In addition, the closure system accelerates the procedure of taking the shoe on and off and is brilliantly suited for works on turning machines.

Instructions for lacing can be found here: steitzsecura.com/flexo
