

## 950 L-key, metric, chrome-plated, 9 x 106 mm

### L-Keys for Hexagon Socket Screws

<b>EAN:</b>	4013288018373	<b>Size:</b>	106x38x10 mm
<b>Part number:</b>	05021060001	<b>Weight:</b>	77 g
<b>Article number:</b>	950	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82041100

- L-keys for hexagonal socket screws
- Wear-resistant size marking
- L-keys with Hex-Plus advantage for a longer screw life
- High corrosion protection thanks to chrome-plating
- Metric

High quality L-keys for hexagonal socket screws. Hex-Plus offers a larger contact surface within the screw head. This reduces the notching effects to a minimum and almost completely eliminates the risk of destroying the screw recess. The precise chrome-plated design ensures high corrosion protection.

## L-Keys for Hexagon Socket Screws

### L-Keys

We questioned the classic L-key design, since all too often the screw head recess is rounded out, meaning screws can no longer be tightened or loosened - and so the user finds the L-key slipping out of the recess. Wera Hex-Plus tools have a larger contact surface in the screw head. The notching effects are reduced and thereby the deformation of the screws. At the same time, as much as 20 % more torque can be applied.

### Hex-Plus

Hexagon screws can endure a problem because the contact surfaces delivering the power from the conventional tool, is transferred to the screw via very small surface areas. The consequence: the screw can become damaged (rounding out). Hex-Plus tools have a greater contact surface that prevents this from happening! At the same time, as much as 20 % more torque can be applied. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

### Size identification

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes - for simple and rapid accessing of the required tool. Making it easy to find the right tool.

### Surface protection

Chrome-plated hexagon L-keys for outstanding surface protection and long service life. High corrosion protection.
