

Product data sheet for uvex phynomic airLite A ESD

The uvex phynomic airLite A ESD is the lightest safety glove in its class and offers a noticeable difference in wearer comfort. The new assembly glove combines high sensitivity and tactile feel with lightness and breathability, all in one glove. This makes the uvex phynomic airLite A ESD perfect for precision work and handling very small or fine components — and you can still use almost all screens, tablets and mobile phones when you are wearing them.

Characteristics

- Ergonomic fit
- Extremely flexible
