Article no.: E9101VK ESD-Reinforcement struts for shelved trolleys

These electrically conductive struts in slate grey are easily screwed under an existing shelf. That stabilises the upper structure and increases the capacity of the inserted shelves. The shelf located on top of the longitudinal connector struts has a carrying capacity of 110kg instead of 50kg due to the support. The electrical conductivity is maintained. 1 pair per ESD-trolley is included.

Technical Details:

Length of usable platform (mm)	1000
Width of usable platform (mm)	600
Total length (mm)	1000
Total width (mm)	28
Colour	slate grey
Weight (kg)	2,5
Country of origin	Germany
Warranty (years)	10
Customs tariff number	87169090
GTIN	4017976581019
