

Type RS-L2, stirrer paddle 2 left spiral 120mm

- Ideal for runny materials
- Mixing effect from top to bottom, the spirals push the material from top to bottom, bottom ring protects the container
- Particularly suited for paint, varnish, base coats, slightly creamy plasters, thin coatings, paste, casting compounds, dispersion adhesives
- Stirrer cage geometry and spiral optimised for splash-free working of runny materials

Order no.	626745000
