

PowerX3 DC torque setting adapter

- The torque setting adapter enables the power of the tool (torque) to be tripled to handle tough jobs
- Suitable for all Metabo cordless drills/screwdrivers, cordless hammer drills and drills with Metabo "Quick"- quick change system in combination with 43 mm collet
- Standard equipment incl. geared chuck 1/2" 3-16 mm and adapter for adjusting the handle length
- Suitable only for clockwise rotation
- Suitable for all Metabo LTX "Quick" machines
- Attention: Use the PowerX3 DC in conjunction with the following tools only and using the stipulated length of the handle depending on the torque: all cordless drill/screwdrivers and LTX "Quick " impact drills as well as BE 75 Quick drill: 640 mm handle length; BE 1300 Quick drill: 380 mm handle length.
