

PowerX3 torque setting adapter

- The torque setting adapter enables the power of the tool (torque) to be tripled to handle tough jobs
- Suitable for all Metabo cordless drills/screwdrivers, cordless hammer drills and drills with Metabo "Quick"- quick change system in combination with 43 mm collet
- Standard equipment incl. bit (1 x TX 50) and adapter for adjusting the handle length
- Bit retainer with 1/2" male square and 1/4" (6.35 mm) female hexagon socket
- Suitable for all Metabo LTX "Quick" machines
- Attention: Use the PowerX3 in conjunction with the following tools only and using the stipulated length of the handle depending on the torque: all cordless drill/screwdrivers and LTX "Quick" impact drills
