

Carbide router bit, ZYAS 061850 / 6 - MX

- Carbide burrs with cross-cut serration for general applications. The cross-cut serration permits comfortable working and better control. Thanks to the improved ease of cutting, the material removal is increased. Suitable for almost all metals, such as hardened and unhardened steel, stainless steel, titanium, brass, copper, cast iron, bronze.
- Application examples: Deburring, machining of contours, processing of surfaces, milling of hard to reach places, machining of narrow angles
- For general applications. Ideally suited for inner contours.

Order no.	628341000
EAN code	4007430228154
Head Ø	6 mm
Working length	18 mm
Overall length	50 mm
Shaft Ø	6 mm
Serration	Cross-cut serration
