

Carbide router bit, ZYAS 102064 / 6 - MX

- Carbide burrs with cross-cut serration for general applications. The cross-cut serration permits comfortable working and better control. Thanks to the improved ease of cutting, the material removal is increased. Suitable for almost all metals, such as hardened and unhardened steel, stainless steel, titanium, brass, copper, cast iron, bronze.
- Application examples: Deburring, machining of contours, processing of surfaces, milling of hard to reach places, machining of narrow angles
- For general applications. Ideally suited for inner contours.

Order no.	628343000
EAN code	4007430228178
Head Ø	10 mm
Working length	20 mm
Overall length	64 mm
Shaft Ø	6 mm
Serration	Cross-cut serration
