

Carbide router bit, SPG 061850 / 6 - MX

- Carbide burrs with cross-cut serration for general applications. The cross-cut serration permits comfortable working and better control. Thanks to the improved ease of cutting, the material removal is increased. Suitable for almost all metals, such as hardened and unhardened steel, stainless steel, titanium, brass, copper, cast iron, bronze.
- Application examples: Deburring, machining of contours, processing of surfaces, milling of hard to reach places, machining of narrow angles
- For the processing of acute angles.

Order no.	628357000
EAN code	4007430228321
Head Ø	6 mm
Working length	18 mm
Overall length	50 mm
Shaft Ø	6 mm
Serration	Cross-cut serration
