

Work trestle set MAB 82

- Robust and stable steel trestles with powder-coated, galvanized surfaces
- Height-adjustable feet for optimal working height
- Compact transport dimensions and easy setup within seconds
- Adjustable, lateral squared timber mount to interconnect two trestles
- Openings for locking clamps or screw clamps and for fixing semi-stationary machines such as a mitre saw
- Additional support bracket at the feet
- Pivoting feet to compensate for uneven grounds
- Carry handle for easy transport
