HEX-PLUS

EAN:	4013288227072	**Size:**	174x44x22 mm	
Part number:	05003052001	**Weight:**	54 g	
Article number:	8740 B	**Country of origin:**	CZ	
		Customs tariff number:	82079030	

- Bit socket (non-impact) for manual or machine tool operations
- With extra slim 30 mm long profile area
- With Take it easy tool finder: colour coding by size
- Knurling on lower end for more grip when used manually.
- Chrome vanadium steel, matt chrome-plated

Application: Hexagonal socket screws

Design: For manual and machine-operated tools (non-impact), with ball stop groove, knurling at the rear end for manageability during manual use; bit sockets with the advantages of the Wera bit technology; dull chromed; with 30mm long and extra slim profile area for better accessibility in tight workspaces. Take it easy tool finder: With colour coding by size as well as size stamping - to help you find the required bit socket quickly and easily.
30 mm long and extra slim profile area

The bit sockets have a 30 mm long and extra slim profile area. This makes even couplings in tight work spaces easily accessible.

Hex-Plus

Hexagon socket screws are a problem, because the contact surfaces that transfer the force of the tool to the screw are very narrow. The consequence: the head of the screw can be damaged, usually rounding out the recess. Hex-Plus tools have larger contact surfaces to prevent this, driving from the flats of the recess, rather than the corners. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!
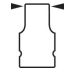

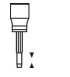

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
