KL-1028-Series

Example of Use:

KL-1028-..Series - Sets of Centring Sleeves

Field of Application

The centring sleeve sets of the **KL-1028-Series** allow for the easy and trouble-free fitting of HGV wheels.

Any standard 1/2" reversible ratchet can be used to screw in and unscrew these sleeves.

 **Warnings and Notes**

- Any work on vehicle axles should only be performed by qualified specialist personnel observing and complying with the directions, provisions, and safety regulations specified by the vehicle manufacturer!
- Always refer to the vehicle manufacturer's data and instructions as only these apply to all work that is carried out on the vehicle.
