PRODUCT DESCRIPTION

KL-4991-101 - Silicone storage mat (3 pieces)

Universally suitable for cars, commercial vehicles and vans.

During repair work on the vehicle, the silicone storage mats provide a safe storage place for tools, screws and various small parts. Thanks to the flexible and non-slip surface, the mats can be easily and quickly placed in any position on the vehicle and provide an extremely secure hold. The individual compartments make it possible to store things in an organised and uncluttered manner. Sensitive surfaces and paint are thus protected from scratches and damage. The mats are easy to clean and water- and oil-resistant.
