Version 08/2023

PRODUCT DESCRIPTION

KL-4911-11..-series - Magnetic mats

Universally suitable for cars, commercial vehicles and vans.

The magnetic mats are ideal for safe storage and fixation of tools, screws or other small parts during repair work on the vehicle.

The extremely strong magnets securely and reliably hold even the most heavy of objects. The mats can simply be put down loosely or attached to a magnetic surface, such as a workshop trolley or a lifting platform. The structured plastic surface with internal foam membrane avoids damage to sensitive surfaces, is easy to clean and water- and oil-resistant.
