

EAN:	4013288229007	Size:	230x60x14 mm
Part number:	05006552001	Weight:	33 g
Article number:	Kraftform Kompakt VDE 60 i TIE SB	Country of origin:	CZ
		Customs tariff number:	82054000

- Kraftform Kompakt VDE interchangeable blades for slotted screws
- Insulated, individually tested as per IEC 60900
- 9 mm hex drive with with entry chamfer
- Conical blade
- The Wera Black Point tip offers an exact fit and optimum corrosion protection
- Take it easy tool finder: Colour coding by profile and laser-engraved size indication
- Hexagonal anti-roll feature against rolling away

VDE blades for Kraftform Kompakt handle/interchangeable blade system for rapid exchange of the blades without any special tools. Individually tested as per IEC 60900. Individual testing at 10,000 volts so as to ensure safe working at the permitted voltage of 1,000 volts.

Kraftform Kompakt VDE

Individually tested

Testing the tool for dielectric strength at 10,000 volt gives the user the peace of mind that their tool has been tested for its most important property, insulation. Wera VDE tools are subjected to this test piece by piece which guarantees safe working at up to 1,000 volt.

Kraftform Kompakt VDE blades

The 157 mm length blades are suitable for Wera Kraftform bitholding screwdrivers 7400 VDE, 837 i RA, 827 T i and 817 VDE.

Handle/interchangeable blade system – Kraftform Kompakt VDE

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

“Take it easy”

The Kraftform Kompakt VDE blades are equipped with the “Take it easy” Tool finder. The colour coding by profile and the laser-engraved size indication make it easy to identify the required tool quickly.

Hexagonal anti-roll feature against rolling away

The Kraftform Kompakt blades come with an anti-roll protection. The hexagonal shape hinders the blade from rolling away annoyingly at the workplace.

Fast spinning

The palm of your hand is comfortably supported on the rounded shape of the rear end of the blades. This allows quick spinning of the blade and accelerates the screwdriving process.
