

845-5-B 3-jaw puller with force-amplifying, self-centering puller legs, hydraulic spindle, up to 250 mm clamping range, 250 mm clamping depth

DESCRIPTION

The handy, 3-jaw Puller with force-amplifying, self-centering puller legs and grease hydraulic spindle is used for pulling out particularly stuck bearings, gears, and discs in all common sizes for craft, workshop, and industry. By tightening the spindle, the puller legs are automatically centered. The grease hydraulic spindle of series 800 is the motor of the puller and achieves a tension force of 10 t. As a true powerhouse, the spindle impresses with a compact design, easy usability, and portable application. The spindle is ribbed on the sides to provide a particularly good grip for the fingers when tightening again. The 3-jaw configuration guarantees an even load distribution and therefore a particularly secure grip on the part to be pulled.

RANGE OF APPLICATION

For pulling off particularly tight bearings, gearwheels and pulleys

BENEFIT

- Self-centering of the puller legs by manual tightening of the spindle (Autogrip Technology)
- Spindle extensions enable quick adjustment to various requirements
- The hydraulic spindle guarantees an easy and controlled pulling of particularly tight-fitting parts with minimal effort.
- Slim design of the puller leg enables reaching hard-to-access areas
- No additional tools are required for the pulling process

OPERATION

- Place the puller leg from outside on the part to be removed
- Rotate the jaws under the component
- Use the T-handle to operate the hydraulic spindle
- Adjust the hydraulic spindle until the component is released

DETAIL IMAGE

MASTER DATA

GTIN [EAN]	4021176034008
Country of origin	DE
Case material	Tool steel
Series	845-B
Net weight [kg]	6,6 kg
Package contents	1 piece
Packaging Act	PP 05
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)

SPARE PARTS

- 800_short hydraulic spindle
- 800-150_Spindle extension
- 844-020_Threaded insert for series 844 / 845
- 844-251_Puller leg for series 844 / 845
- 845-000_3-jaw cross beam for series 845
