

988-181 Fine sheet metal / goldsmith shears 180 mm, cutting direction links

DESCRIPTION

The goldsmith's/shear for thin sheet metal is used for cutting thin sheets. Thanks to the protective coating, the legs have a particularly good grip. The fixed stop protects the blades and prevents possible injuries from pinching. The slim design of the legs allows for work even in hard-to-reach places.

RANGE OF APPLICATION

For cutting thin sheets

BENEFIT

- High force through force-amplifying lever
- Fixed stop provides protection for the cutting edges
- Protective coating ensures better grip
- Slim leg shape for working in hard-to-reach areas
- Available with straight or curved edges

OPERATION

- Place the sheet metal at the opened scissor head
- Move the scissor arms up and down until the sheet metal is cut

MASTER DATA

GTIN [EAN]	4027474562670
Country of origin	DE
Case material	Tool steel
Series	988
Net weight [kg]	0,9 kg
Package contents	12 piece
Packaging Act	PP 05
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)
