

## Garant

**Worktop with dark grey plastic coating (Eluplan), Depth 750 mm, Worktop length: 1500mm**

### Order data

Order number	926241 1500
GTIN	4062406106522
Item class	9GG

### Description

#### Version:

**Worktop depth 750 mm, thickness 50 mm:** With holes on the underside of the worktop for attachment of drawer units and support legs (individual Vario components).

Worktop for **assembly, inspection, and laboratory** work. The surface consists of a medium-hard covering that is permanently anti-static and highly wear-resistant, 2 mm thick. A central strip wood core and a matching bottom face covering ensure a non-warping worktop. The end faces are provided with a pale grey ABS edge strip, 3 mm thick. Eluplan worktops are largely resistant to oil, grease, weak acids, and alkalis. (These do, however, affect the appearance of the surface).

#### Note:

The Eluplan plastic coating is **not colour-fast**. No complaints will be accepted for changes in colour due to exposure to sun and light.

### Technical description

Thickness	50 mm
Worktop surface	Coating anti-static, highly abrasion-resistant, medium hardness, not colour-fast
Worktop covering	Eluplan (plastic), (linoleum covering)

Material of worktop	Strip wood core with Eluplan plastic covering
ABS edge band	3 mm
Colour of worktop surface	dark grey
Coating thickness	2 mm
Length	1500 mm
Weight	28 kg
Product name attribute	Depth 750 mm
Depth	750 mm
Type of product	Workbench top
