

**Garant**

**Worktop with dark grey plastic coating (Eluplan), Depth 750 mm, Worktop length: 2500mm**

**Order data**

Order number	926241 2500
GTIN	4062406106553
Item class	9GG

**Description****Version:**

**Worktop depth 750 mm, thickness 50 mm:** With holes on the underside of the worktop for attachment of drawer units and support legs (individual Vario components).

Worktop for **assembly, inspection, and laboratory** work. The surface consists of a medium-hard covering that is permanently anti-static and highly wear-resistant, 2 mm thick. A central strip wood core and a matching bottom face covering ensure a non-warping worktop. The end faces are provided with a pale grey ABS edge strip, 3 mm thick. Eluplan worktops are largely resistant to oil, grease, weak acids, and alkalis. (These do, however, affect the appearance of the surface).

**Note:**

The Eluplan plastic coating is **not colour-fast**. No complaints will be accepted for changes in colour due to exposure to sun and light.

**Technical description**

Worktop surface	Coating anti-static, highly abrasion-resistant, medium hardness, not colour-fast
Colour of worktop surface	dark grey
Length	2500 mm

Material of worktop	Strip wood core with Eluplan plastic covering
Worktop covering	Eluplan (plastic), (linoleum covering)
Thickness	50 mm
ABS edge band	3 mm
Coating thickness	2 mm
Product name attribute	Depth 750 mm
Depth	750 mm
Type of product	Workbench top
