

Garant

Worktop with dark grey plastic coating (Eluplan), Depth 800 mm, Worktop length: 1500mm

Order data

Order number	926245 1500
GTIN	4062406215705
Item class	9GG

Description

Version:

Worktop depth 800mm, thickness 50 mm: The purchaser must arrange for the drilling of holes on the underside of the worktop.

Worktop for **assembly, inspection, and laboratory** work. The surface consists of a medium-hard covering that is permanently anti-static and highly wear-resistant, 2 mm thick. A central strip wood core and a matching bottom face covering ensure a non-warping worktop. The end faces are provided with a pale grey ABS edge strip, 3 mm thick. Eluplan worktops are largely resistant to oil, grease, weak acids, and alkalis. (These do, however, affect the appearance of the surface).

Note:

The Eluplan plastic coating is **not colour-fast**. No complaints will be accepted for changes in colour due to exposure to sun and light.

Technical description

Colour of worktop surface	dark grey
ABS edge band	3 mm
Worktop surface	Coating anti-static, highly abrasion-resistant, medium hardness, not colour-fast
Thickness	50 mm

Worktop covering	Eluplan (plastic), (linoleum covering)
Coating thickness	2 mm
Length	1500 mm
Material of worktop	Strip wood core with Eluplan plastic covering
Product name attribute	Depth 800 mm
Depth	800 mm
Type of product	Workbench top
