

Garant

Worktop with dark grey plastic coating (Eluplan), Depth 800 mm, Worktop length: 2000mm

**Order data**

Order number	926245 2000
GTIN	4062406106607
Item class	9GG

Description**Version:**

Worktop depth 800mm, thickness 50 mm: The purchaser must arrange for the drilling of holes on the underside of the worktop.

Worktop for **assembly, inspection, and laboratory** work. The surface consists of a medium-hard covering that is permanently anti-static and highly wear-resistant, 2 mm thick. A central strip wood core and a matching bottom face covering ensure a non-warping worktop. The end faces are provided with a pale grey ABS edge strip, 3 mm thick. Eluplan worktops are largely resistant to oil, grease, weak acids, and alkalis. (These do, however, affect the appearance of the surface).

Note:

The Eluplan plastic coating is **not colour-fast**. No complaints will be accepted for changes in colour due to exposure to sun and light.

Technical description

Colour of worktop surface	dark grey
Material of worktop	Strip wood core with Eluplan plastic covering
Coating thickness	2 mm
Worktop covering	Eluplan (plastic), (linoleum covering)

Worktop surface	Coating anti-static, highly abrasion-resistant, medium hardness, not colour-fast
Length	2000 mm
Thickness	50 mm
ABS edge band	3 mm
Product name attribute	Depth 800 mm
Depth	800 mm
Type of product	Workbench top
