

Garant

Worktop with dark grey plastic coating (Eluplan), Depth 750 mm, Worktop length: 2000mm

Order data

Order number	926241 2000
GTIN	4062406106539
Item class	9GG

Description

Version:

Worktop depth 750 mm, thickness 50 mm: With holes on the underside of the worktop for attachment of drawer units and support legs (individual Vario components).

Worktop for **assembly, inspection, and laboratory** work. The surface consists of a medium-hard covering that is permanently anti-static and highly wear-resistant, 2 mm thick. A central strip wood core and a matching bottom face covering ensure a non-warping worktop. The end faces are provided with a pale grey ABS edge strip, 3 mm thick. Eluplan worktops are largely resistant to oil, grease, weak acids, and alkalis. (These do, however, affect the appearance of the surface).

Note:

The Eluplan plastic coating is **not colour-fast**. No complaints will be accepted for changes in colour due to exposure to sun and light.

Technical description

Material of worktop	Strip wood core with Eluplan plastic covering
Length	2000 mm
Worktop covering	Eluplan (plastic), (linoleum covering)
ABS edge band	3 mm

Worktop surface	Coating anti-static, highly abrasion-resistant, medium hardness, not colour-fast
Thickness	50 mm
Coating thickness	2 mm
Colour of worktop surface	dark grey
Weight	38 kg
Product name attribute	Depth 750 mm
Depth	750 mm
Type of product	Workbench top
