

Thread locking, 250 ml, Manufacturer's designation: 83-05

Order data

Order number	083314 83-05
GTIN	8029822148082
Item class	08G

Description

Version:

The use of thread-lockers prevents the screw fastenings from accidentally releasing and coming undone. The single-component anaerobic adhesives are suitable for all thread types and forms. Screw fastenings are sealed. Seizing is reliably prevented.

Application:

Low strength – can be undone with normal tools.

Medium strength – can still be undone with normal tools.

High strength – Can be undone only with special tools or by heating (>150 °C). High-strength, for passive materials such high-alloy CrNi steels, for use also in thread sealing and making joints.

Note:

Before applying locking fluid, clean the threads with general-purpose cleaner No. 083391 and No. 083392. Quick and easy handling for 50 ml bottles with No. 083344 size 50.

Technical description

minimum break-away torque	25 - 35 Nm
for thread size M to	M25
Labelling of hazardous substances	GHS05: Corrosive

Labelling of hazardous substances	GHS07: Exclamation mark
Manufacturer's designation	83#-05
Colour	green
Characteristics	vibration-resistant
Characteristics	thixotropic
Characteristics	sealing
Characteristics	prevents seizing up
Capacity	250 ml
Chemical basis	Dimethacrylate
Flashpoint	100 °C
Operating temperature range	-55 - 200 °C
Working life after date of manufacture	12 mo
Suitable for application area	Thread sealing
Suitable for application area	Thread locking
Suitable for application area	Joint connection
Storage temperature	20 °C
for imperial thread size	3/4 in
Suitable for material	Metal
Maximum gap size	0.2 mm
Shape	liquid
Functional strength to	2 - 3 h
Touch dry after	2 - 5 min
Dynamic viscosity	500 - 1000 mPas
Disassembly	heavy-duty
Strength class	high-strength
Density	1.1 g/cm ³
Product name attribute	250 ml
Type of product	Thread lock
