

Garant GRIDLINE

Cross beam with tubular cantilever arms, centre Drawers 24G deep, suitable for drawer width: 26G

Order data

Order number	935311 26G
GTIN	4062406108236
Item class	9GK

Description

Version:

Cross beams made of sheet metal with securely welded cantilever arms of sturdy tubular section. Ideally suited for storage of annular items, for lifting tackle, chains, etc.

The cross beam is secured to the two depth braces. These are inserted in the front and rear of the column frame. Tubular cantilever arms are in the centre of the bay.
