

Garant**ZeroClamp cover plate for base plate, Type: 24311****Order data**

Order number	360013 24311
GTIN	4045197722744
Item class	310

Description**Version:**

The cover plates are made of 1 mm stainless steel 1.4301 for covering the base units. (Surface protection + cover for location holes.) The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

Technical description

Type	24311
Suitable for base plate No. 360012	Size 21521
Series	ZeroClamp
Type of product	Cover plate
