

Welder's mask, automatic optrel® panoramaxx, Colour: AIR

Order data

Order number	097947 AIR
GTIN	7640127616475
Item class	09U

Description

Version:

Fully automatic welders' safety mask with **panoramic field of view**, 6 times larger than standard welder's masks. Due to the nose recess in the anti-glare case the filter can be positioned closer to the eye. This allows the field of view to be increased significantly. **Maximum viewing comfort** due to innovative UV/IR filter with **true colour rendition**.

- **Shade levels: 5 – 12 (automatic mode) and 7 – 12 (manual mode)**
- **Shade level in the light state: 2.5**
- **With rechargeable batteries**
- **Field of view of the welding filter: 60 x 125 mm**

The fresh-air version of the optrel® panoramaxx has the same technical features as the standard version No. 097947 size BLACK. In just a few simple steps, the helmet can be connected to the optrel® e3000X powered air respirator system No. 097978 size E3000X.

Application:

MIG/MAG welding. Stick welding, TIG welding, plasma welding and cutting

Standard:

EN 175; EN 379; EN 166

Supplied with:

1 outer visor, 1 storage bag.
