

Lubritool® lubrication device, HSK size: 63

Order data

Order number	304210 63
GTIN	4019208402673
Item class	30W

Description

Version:

For regular lubrication and maintenance of clamping systems in the machine spindle of HSK machines. Automatic and fast lubrication of the HSK clamping set by inserting the lubrication device from the magazine into the machine spindle.

Advantage:

- **The right lubricant, at the right time, in the right quantity.**
- **No manual lubrication necessary – and you never have to remember.**
- **Reduced maintenance time (just 5 seconds).**
- **Compact design.**

Application:

HSK tool clamping systems should be maintained **regularly and as instructed by the manufacturer**. One cartridge provides approx. 50 lubrication cycles.

Suitable for:

Machine tools with HSK clamping sets – form A, form T, form E.

Note:

Grease cartridge not included in scope of delivery.
