

Stereo microscope STEMI 305, Type: 305FLEX

Order data

Order number	491835 305FLEX
GTIN	2050001854230
Item class	49B

Description

Version:

Stereo microscope for high resolution, intensely illuminated sharp focus images. Greenough design for the best image quality. **Integral vertical LED light source.** Individually adjustable to compensate for eye spacing and short-sightedness. Carrying handle for mobile use. Cold light stand, adjustable incident light: flat transillumination base (bright field / dark field), column with drive and 145 mm length of travel. Can be segmented with additional K LED spotlight with light beam adjustable for zoom and height. With additional double spotlights (swan-neck).

Optional extras:

Eyepieces No. 491832.
