

Shell-type ear defenders, dependent on noise levels Howard Leight™ Impact® Pro Industrial, Type: PRO

Order data

Order number	097769 PRO
GTIN	33552189534
Item class	09A

Description

Version:

Shell-type ear defenders with powerful electronics and high attenuation across all frequency ranges. The two stereo microphones amplify the environmental noises, but reliably block noises in excess of 82 dB that are harmful to health. **Volume control and connection option for MP3 player and smartphone.** SNR = 33 dB (H = 32 dB, M = 31 dB, L = 26 dB).

Standard:

EN 352-4

Supplied with:

With 2 AAA batteries No. 081556 size LR3.
SNR value (noise attenuation): 33 dB(A)
