

PARAT®

X-ABS tool case with base shell, 2 tool boards and TSA locks, wheels

Order data

Order number	692540
GTIN	4006793801714
Item class	63X

Description

Version:

X-ABS is extremely impact resistant, tough and thus **suitable for air travel**. The surface is scratch-resistant, **non-slip (rubberised effect)** and **does not damage surfaces**. Double aluminium frame with **integral toggle cylinder locks**, positioning hinges with stop, and base studs.

1 base shell with cover board with sub-divisions, height 88 mm.

Internal fitments:

1 tool board with 25 shaft pockets and 1 securing pocket 400 mm, 1 tool board with 10 shaft pockets
1 cover board with 15 shaft pockets and 1 securing pocket 400 mm and 1 document pocket with 2 business card pockets and 2 penholder slots.

TSA locks: When travelling to the USA these locks can be opened for searching and relocked by the US "Transportation Security Administration" (TSA) using a master key. Forcible opening of the case (irreparably damaging the locks) for searching can thus be avoided.

Note:

Case available with other type of lock on request.

Characteristics case: suitable for air travel

Internal dimension length: 470 mm

Internal dimension width: 210 mm

Internal dimension height: 360 mm

Volume: 35 l
Weight: 6.8 kg
