

Garant**Tool24 PickOne – extension system, Total number of compartments: 640****Order data**

Order number	979221 640
GTIN	4062406134174
Item class	9SA

Description**Version:**

Goods issuing system with innovative drum system to ensure secure individual withdrawal of every item. Very quick goods removal due to low access times, self-opening compartment and visual signal at the correct withdrawal compartment. The drum of the Tool24 PickOne is available with up to 4 different compartment sizes as standard configuration and with a load capacity of more than 1000 kg, specially designed for industrial use. Flexible attachment of a touch screen thanks to double-sided perforated panel.

The master system can be extended with additional extension systems and combined with all Tool24 hardware variants. Maximum number of storage spaces, ideal for the output of small-volume products such as indexable inserts.

Colour:

Body RAL 7035 light grey, fronts RAL 7016 anthracite grey, **powder-coated.**

Note:

The drum of the Tool24 PickOne is individually and uniquely configurable for each customer with 4 different storage sizes depending on the portfolio of items to be issued. Talk to your technical adviser.

The weights do not include a PC and monitor.
