

## Fibre disc (CER) 782C, Ø 125 mm, Grit: 36

## **Order data**

| Order number | 566472 36      |  |  |
|--------------|----------------|--|--|
| GTIN         | 50076308897159 |  |  |
| Item class   | 53F            |  |  |

## **Description**

#### **Version:**

The precisely formed **high-performance abrasive grit** in 3M<sup>™</sup> products consists of defined ceramic triangles optimally arranged on the grinding surface. **Greatly increased removal rate** with very long working life and even finish.

Extremely tear-resistant but very flexible **vulcanised fibre.** Bore diameter 22.23 mm and crossed slots.

High-performance fibre disc with open distribution.

### **Application:**

For the machining of **steel** and non-ferrous metals.

Limited to maximum 80 m/s circumferential speed with backing pads No. 566690 / 566692 on angle grinders. The quick-cutting abrasive grit permits **comfortable and ergonomic working** without the need to exert great pressure. At the same time, the high removal rate of  $3M^{\text{TM}}$  fibre discs makes them a real alternative to roughing discs and flap discs.
