

Dino-Lite
Digital Microscope**USB hand-held microscope, Manufacturer's designation: AM4113ZT****Order data**

Order number	492032 AM4113ZT
GTIN	4712805474929
Item class	49K

Description**Version:**

Easy-to-use portable digital microscope for professional use in various disciplines. Thanks to the CMOS chip and WiFi/USB 2.0 connectivity, it can be easily connected to any device and offers outstanding image quality and up to 220x magnification. Polarisers reduce reflections on shiny objects and improve contrast. The magnification depends on the desired field of view. The smaller the field of view, the higher the potential magnification. Models with a long working distance can be used if you need a greater distance to the object. Includes intuitive measurement software for Windows and MacOS. A handy, easy-to-use professional hand-held microscope with first-class image quality and up to 200 times optical magnification.

Supplied with:

Measurement software DinoCapture 2.0 (Windows) and DinoXcope (Mac OS).

Optional extras:

Pillar stand No. 492035

Note:

Other versions (e.g. with coaxial incident light, ESD protection, etc.) and system calibration service available on request.

Technical description

Manufacturer's designation	AM4113ZT
Camera	1.3 megapixel CMOS colour camera
Magnification (x-times)	10 – 70; 200
Polarisation filter	Yes

Interface	USB interface
Type of product	Video hand-held microscope
