Description

Version:

Cutting chisel edge with **high centring accuracy** due to **strong core and special point geometry.**

Particularly high alignment accuracy due to **4 guide chamfers** which stabilise the drill even at extreme depths!

Straight major cutting edges with honed edges and special flute profile for **short chips**, even on long chipping materials.

Advantage:

High process reliability and surface quality of the hole. Note: Flute length $L_c = L_2 + 1.5 \times D_c$. Form HB and HE supplied at the same price as HA. Form HB: order with No. 123115. Form HE: order with No. 123110 + 129100 HE.
