Description**Version:**

Category III safety gloves.

AlphaTec® Solvex® 37-900. Premium gloves of nitrile rubber for handling high-risk chemicals. A newly developed nitrile film provides greater wear resistance and resistance to chemicals. With unique resistance to abrasion and penetration, twice as high as other current-available nitrile gloves, sets new standards for mechanical load properties. 100% individual inspection: Each glove is individually inspected before the delivery, and checked for freedom from leaks and other damage.

Note:

The minimum order quantity corresponds to one pack unit quantity (VPE) or a multiple thereof.
