

Machine mount with height adjustment LM, maximum load capacity: 850kg**Order data**

Order number

086002 850

GTIN

Item class

08Y

Description**Version:**

Anti-vibration systems for machines. The decoupling of machines and equipment, which are sensitive to vibration, improves process reliability and accuracy. The inserted elastomers damp body noise, vibration and impacts, and ensure optimum production results with reduced noise levels. All mounts are easy to fit and have levelling adjustment.

Elastomer metal machine mount in compact design with integrated levelling system using central adjustment screw.

Application:

For setting up machines without anchoring to the floor.

Note:

For higher loads and special applications further mounts are available on request. Air support pads available in the online shop under No. 086003 size SLM1 – SLM12.

Technical description

Type of product

Anti-vibration machine mount
