Four-pin crimping tool DigiCrimp, 2-component grips, Type: 2,5

Order data

Order number	729530 2,5
GTIN	4049002095931
Item class	73T

Description

Version:
Reliable crimping due to positive barrier and synchronised advance of the crimping pins. Crimp mandrel advance can be adjusted in steps of 0.01 mm and read digitally (setting in mm and inch). Use the check pin supplied to check the basic setting. With recalibration function. Electronic wear monitoring with warning function. Setting function can be called up. Can be used with Rennsteig and MIL positioners.
Application:
For turned pin and socket contacts with crimp geometry similar to MIL.
Supplied with:
Four-pin crimp tool in a case.
