

PTFE dry lubricant spray, Contents: 400ml

Order data

Order number	083007 400
GTIN	5032227005570
Item class	08E

Description

Version:

As a perfect addition to the world-famous WD-40® multi-function product, with the WD-40® SPECIALIST® product range you are ready for anything. At the touch of a button, it's as if all your problems are sprayed away. This spray contains the solid lubricant PTFE for better lubrication properties even at high temperatures and under high pressures. The remaining clear dry lubricating film does not attract dust, dirt or oil. In addition it is an outstanding lubricant and separating agent. This product can be used on metal, plastic or glass, and withstands temperatures within the range -20 °C to 250 °C.

Advantage:

- **Reduced friction and wear.**
- **Dies quickly, with high temperature-resistance.**
- **For metals, plastics and glass.**
