

High-performance lithium spray grease, Contents: 400ml

Order data

Order number	083010 400
GTIN	5032227005563
Item class	08E

Description

Version:

As a perfect addition to the world-famous WD-40[®] multi-function product, with the WD-40[®] SPECIALIST[®] product range you are ready for anything. At the touch of a button, it's as if all your problems are sprayed away. This high-viscosity grease spray permits lubrication with long persistence without the risk of dripping or running off. It is particularly suitable for reducing the friction of metal parts and thus keeping the connection free-moving. It can also be used for metal connections that are subject to high pressure, and withstands temperatures within the range -18 °C and 145 °C.

Advantage:

- **Water-resistant and temperature-resistant lubricants.**
- **High protection against rust and corrosion.**
- **For metal connections that are subject to heavy loadings.**

Technical description

hazardous goods class	2.1
Solubility in water	insoluble

Colour	white
Spray head	Smart Straw
Labelling of hazardous substances	GHS02: Flame
Labelling of hazardous substances	GHS07 caution
Labelling of hazardous substances	GHS09 harmful to the environment
Series	SPECIALIST®
Contents	0.4 l
Version	Spray can
Type of product	Lubricant
