

Safety spigot tap, Type: E

Order data

Order number	981520 E
GTIN	2050002019171
Item class	96V

Description

Version:

Safety spigot taps of various materials for controlled withdrawal from drums. Drip-resistant safety spigot tap made from aluminium with stainless steel spring, self-sealing. 25-mm aperture, rotary joint with 2 sealing rings and O-ring as a seal. Valve with O-ring. Press to open (dosing possible); after removal, turn upwards – there will therefore be no dripping. Heat resistant up to 205°C.

For jerrycans and IBC containers. With 60-mm saw tooth thread.
