

Impregnated wooden safety slatting with 1× bevelling and 2× end profiles across the width on both ends, Width 100 cm, Slat length: 150cm

Order data

Order number	964865 150
GTIN	4047482136304
Item class	96C

Description

Version:

Wooden safety slatting made of strong, ribbed beech wood strips. Connection of the strips made from stainless steel cables, 3-mm thick. Closure and cover caps made from brass. Resilient rubber feet made from NBR prevent the wooden slatting from slipping and ensure that it is comfortable for walking. Particularly suitable for use with oil and cooling lubricants due to impregnation. Cleaning: Unroll the wooden slatting.

Height: approx. 35 mm

Weight: approx. 13 kg/m²

Standard: Tested for non-slip properties (R11) and displacement space (V10) by the IFA (Institut für Arbeitsschutz der Deutschen Gesetzlichen Unfallversicherung – Institute for Occupational Safety and Health of the German Social Accident Insurance).

End profile:

Additional bevelling across the **width of the slatting**.

Bevelling:

Additional bevelling across the **long sides of the slatting** at an angle of 45°.
