### Description

#### Version:

Wooden safety slatting made of strong, ribbed beech wood strips with bristles. Bristles made from very resistant black nylon. Connection of the strips made from stainless steel cables, 3-mm thick. Closure and cover caps made from brass. Resilient rubber feet made from NBR prevent the wooden slatting from slipping and ensure that it is comfortable for walking. Bristles ensure even more stability and an optimum cleaning effect, e.g. in the event of profiled safety shoes.
