

Powered air respirator system optrel® e3000x, Type: E3000X

Order data

Order number	097978 E3000X
GTIN	7640127618103
Item class	09U

Description

Version:

Constant respiratory protection during the entire working process. Clean air is constantly fed in by the blower unit. This enables undisturbed working **without any respiratory resistance**. In addition, the accumulation of heat and sweat within the mask is prevented. An integral sensor monitors the air flow, which can be regulated if required. A rotary switch permits 20% of the air to be directed to the brow area for additional cooling.

Standard:

EN 12941

Suitable for:

- No. 097977 size AIR optrel® vegaview2.5 fresh air automatic welding mask
- No. 097193 size AIR optrel® clearmaxx face mask
