

Novometer contour measuring gauge, Measuring range: 22-40mm

Order data

Order number	435170 22-40
GTIN	2050001951335
Item class	46D

Description

Version:

Novometer contour measurement gauge for measuring internal diameters of round, oval or regular polygon bores. For measuring **resilient components**.

Note:

Version with digital display or with slip clutch for reproducible gauging force available on request. Version for measuring external diameters available on request. Stationary version with table available as a support for the workpiece. Novometer with reading of 0.01 mm available on request.

Technical description

Scale divisions	0.1 mm
Measuring range	22 - 40 mm
Calibration	Price on request
Power supply	Mains operated
Type of product	Contour measuring tool

Services

Calibration 3-point internal micrometer maximum
measuring range 50 mm

022500 50
