

**Garant**
**Face mill arbor Form AD, BT 40 short, Spigot Ø d1: 32mm**

**Order data**

Order number	303800 32
GTIN	4062406250553
Item class	31A

**Description**
**Version:**

All shanks hard turned (for smooth running!). With RFID/Balluffchip bore and cooling channel bores.

**Advantage:**

**The double contact between the taper** and the flat flange creates a more stable and precise clamping situation:

- **Better surface quality**
- **Longer tool life times**
- **Consistent seating in the headstock (even at high speeds)**
- **Smaller radial run-out**

A BT double contact arbor can also be used in a standard BT machine spindle – and vice versa. The advantages of the double contact are however achieved only when a double contact arbor and double contact spindle are used together.

**Supplied with:**

Lock screw.

**Optional extras:**

Pull studs (PS) No. 308760 – 308806. Special toggle spanner No. 309840.
