

ALBRECHT
Präzisions Spannfutter**ER adapter / extra-slim collet, for ER collet: 32****Order data**

Order number	309571 32
GTIN	4250261555962
Item class	34F

Description**Version:**

Through hardened, ground and pre-balanced. Adaption of standard ER collets to extra slim collets No. 309572 and 309573.

Advantage:

Reduced interference contours permit machining even where access to the component is difficult. Coolant transfer by the tool or along the shank.

Application:

For use on lathes with static or driven tools, and also on ER collet chucks.
