Item class	63D

Description

Version:

Extra-short arm with flexible angle (90°– 100°), ball point can be inclined at an angle up to 30°. PB Swiss Tools special steel combining maximum hardness with exceptional toughness. Only with 90° angle.

Advantage:

Flexible angle at the short arm (90°– 100°).

90° for insertion: Even places that are very difficult to access can easily be reached.

100° for working: The free space for the hand ensures pleasant and safe working.

Material:

Surface nickel-plated, chrome-plated and **powder-coated** for quick location using clear "Rainbow" colour coding.
